Available for Remote Work | Lagos, Nigeria

PROFESSIONAL SUMMARY

Medical Virtual Assistant with a clinical foundation in laboratory science and hands-on administrative experience. HIPAA certified. Skilled in EHR systems, insurance claims processing, appointment scheduling, medical terminology, and patient communication. I help healthcare professionals manage patient records, streamline workflows, and stay compliant so they can focus on patient care.

PROFESSIONAL EXPERIENCE

Medical Laboratory Assistant OAU Medical Laboratory

August 2020 - August 2022

- Collected and processed patient samples for diagnostic testing
- Managed patient data entry and record organization
- Maintained accurate documentation in compliance with lab protocols
- Coordinated with clinical staff on test results and reporting

Business Operations and Administrative Manager Borganicskincare | Borganics

2018 - Present

Managed daily business operations including document preparation, record keeping, order management, and client communications

- Handled high-volume correspondence via email and social media, ensuring prompt and professional responses at all times
- Developed and implemented internal workflow systems and SOPs to ensure operations ran efficiently and all deadlines were met
- Coordinated scheduling, follow-ups, and logistics with suppliers, clients, and service providers
- Maintained organized records and tracked operational expenses to support accurate reporting and decision-making
- Created and scheduled content across multiple platforms to support business communications and outreach

Walmart USA Pharmacy Technician Job Simulation on Forage June 18, 2026

- * Completed a job simulation involving pharmacy operations and patient support for Walmart's Pharmacy team.
- * Practiced prescription intake, fulfillment, and pickup processes while learning how to identify safety risks and escalate concerns appropriately.
- * Used pharmacy software systems to manage fill queues, interpret insurance flags, and document potential issues in support of accurate, compliant operations.

- * Strengthened skills in patient communication, teamwork, and professional judgment in fast-paced, service-oriented scenarios.

Administrative and Biology Teaching Service (NYSC) November 2023 - October 2024
Truevine High School

- Delivered structured biology curriculum to secondary-level students, ensuring comprehension of core scientific concepts
- Developed and implemented lesson plans, instructional materials, and assessment tools aligned with educational standards
- Maintained accurate academic records, including attendance logs, grade sheets, and progress reports
- Applied clear communication strategies to simplify complex biological concepts for diverse learning abilities
